

Intro to TTouch

Workshop

Presented by REACH K9

Wednesday April 20th

10:00 – 4:00

Tellington TTouch® Training is a gentle, respectful method of training, that honors the body, mind and spirit of animals and their people and develops trust between humans and animals. The Tellington Method deepens the relationship with your animals, improves behavior, enhances performance, supports health and well-being and fosters learning. Developed by internationally recognized animal expert, Linda Tellington-Jones, PhD (Hon), this method is based on cooperation and respect for all animals and their people.

The Tellington Method for Dogs. The approach in the field of canines is widely accepted as a powerful method to improve behavior, enhance performance and health and teach a dog to learn willingly. It helps establish a deeper rapport and more effective connection and understanding between humans and their animals.

Your instructor is Marnie Montgomery; PMCT4, CPDT-KA, and Tellington TTouch® Practitioner, of Joyful dog in Leesburg, VA. She is a fear free certified instructor whose true passion is helping dogs and their people build a great partnership based on mutual respect and empowerment. You can visit her website at joyfuldogllc.com.
