

# College

You've been working together with your dog for a while now. You've got all the foundation skills, you've learned some fun games, you've built reliable responses to cues – now what? Well – that's up to you. Maybe its on to dog sports? We can help you get ring ready. Maybe you want to focus on tricks and parkour and be a performance dog; we're happy to help you teach those advanced skills. Perhaps your interest lies in health and fitness; we offer those programs too!

We will offer Capstone classes that focus on specific areas of training, based on the needs of our students. When a student passes secondary school – they just have to let us know what they would like to work on, and we'll put it on the calendar! You are welcome to attend other Capstone classes as long as you meet the requirements.
